About Us:

Formed in 2020, Southern Ohio Renovations LLC has been serving Lawrence County Ohio and the surrounding community by offering construction services where requested. Our goal is to expand coverage for southern Ohio, its surrounding states, bring jobs to the community, and help develop the region for better opportunities. We pride ourselves in our unmatched integrity and knowledge in building sciences to bring value to our client projects. Our employees have a broad range of experience in the residential industry as well as commercial. We are continually encouraging new employees to gain certifications.

Core Competencies:

- New Construction
- Home Additions
- Foundation Stability
- All aspects of Remodeling
- Insurance Claim Water Restoration
- Concrete
- Site Prep
- General Contracting
- Slope Stability
- Retaining Walls
- Pavilions/Pergolas
- Disaster Response Mitigation

In this role, you would coordinate directly with the project manager to understand the schedule and scope of the project at hand. Once on site, you would manage the day-to-day operations and crew in order to get the job completed in a timely, safe, and satisfactory manner.

#### Requirements & Qualifications:

- 10+ Years experience in similar construction leadership role
- Ability to communicate with team members and customers
- Ability and willingness to train younger or newer employees
- Understanding of jobsite procedures

#### Responsibilities:

- Reviewing job plans and quotes
- Establishing daily crew goals and duties
- Monitoring progression
- Coaching and evaluating team member performance
